**Subject:** RE: Parkersburg Ames Warehouse - air analytical not loaded yet

Lora and Deborah,

Good afternoon. We wanted to check in with both of you to see if there were any coordination calls scheduled today with ATSDR/US EPA to discuss public health impacts/messages and if so, would it be possible for the Ohio Department of Health to listen in to keep informed of regional activities.

Thanks,  
Rebecca

Just FYI- I don't see any other detects in field monitoring today, just PM (see screenshot).

I see a spot on website for analytical (39 minicans; SO2; PAHs / 35 field samples 4 blanks collected on 10/23) but results aren't loaded yet unless I am missing that somewhere. Lora
